Assembly Steps:

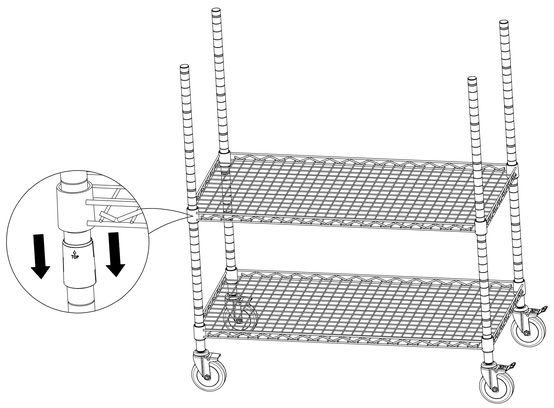

① Screw Casters (F) into the bottom of each Pole (C) clockwise. Then snap one pair of Plastic Clips (E) on the same lower grooves of each pole. Make sure the arrow of all plastic clips should be pointed up, and the grooves of pole should be covered by convex line of plastic clips.

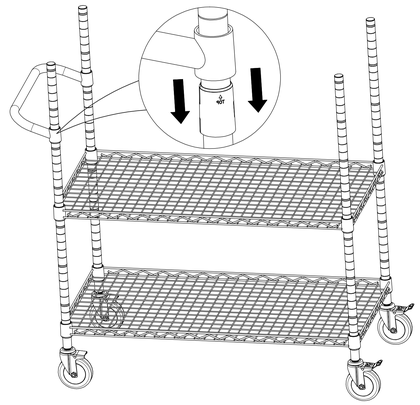

② Please make sure that you have the Wire shelf (A) correct way up. Keep collar gap of the wire shelf downward. Then slide it from the top of each pole down onto the plastic clips until there is snug fit.

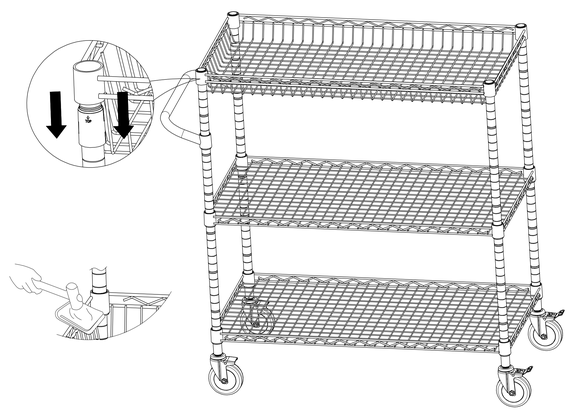

③ Refer to step①② and assemble the Wire Shelf(A) at the same grooves of each pole at your desired position.

④ And then snap plastic clips on the same grooves of two pieces poles and slide the Handle (D) down onto the plastic clips pictured below.

⑤ Refer to the step③to assemble the Wire Basket(B) at the top.

⑤ Push firmly down the corners of each shelf and basket by rubber mallet to make all the shelves and basket secure onto the plastic clips. Now the three tiers utility cart is completely assembled.
